

PROFESSA GABEL

Professa Gabel's calm but incisive flow describes a world far beyond the 7 square miles of San Francisco where he grew up. Maneuvering between lanes with ease, he goes bar for bar with rising Frisco stars on his album *The Bay Lebowski* while holding his own with OGs on Corner Booth and Niche Hors D'oeuvres. Add his work with the FNG, Sutro, & Watershed collectives into the mix, and PG has put together a heavyweight catalog in his young career.
